## Arrange Stage, Screen Attraction For Holiday Party

### Indians of Rhythm To Present Program At Gala Theatre Event

A real party with plenty of fun for everyone will be a special treat for all grammar school children in Daly City just four days before Santa Claus arrives on his yearly visit. The special treat will be the annual Christmas party for Daly City youngsters at the Daly City theatre, Monday, December 21. The party will begin at 12:30 p. m.

A stage and screen attraction will headline the program, and each youngster will receive a bag of candy at the theatre party. Plenty of laughs are promised during the half hour stage program especially arranged by the Indians of Rhythm, music organization at Jefferson Union high school. Directed by Howard Miguel, high school music instructor, the Indians of Rhythm not only are specialists with musical instruments, but they are all-around entertainers with several special acts. Their young audience will roar when they see Fred Waterman and Emile Lemonie do their number, "Der Fuehrer's Face," one which has swept the country and certainly doesn't flatter Herr Hitler by any means.

The high school group will also play many popular tunes, besides several singing numbers. Singers will be Lillian Altman, Patsy Marcano, Daisy Yonan and Virginia Nestor.

In addition to the half hour program by the Indians of Rhythm, the Christmas party guests will see other stage attractions and a full length picture show. Name of the picture will be announced later.

Daly City's recreation committee, appointed by the city council, is in charge of the party. Tickets will be distributed to each grammar school pupil at the public and parochial schools before vacation starts. The party is open to all Daly City grammar school pupils, but they must present their tickets when they enter the theatre.

Co-chairmen of the Christmas party are Mrs. Maisie Boyle and Mrs. Ann Eason.

## One Week Bond Drive At Theatre

In line with the motion picture industry's policy of putting on special activities to promote the sale of war bonds and stamps, the Daly City theatre is conducting a special one-week campaign in commemoration of the anniversary of Pearl Harbor. This drive, which began Monday, at the local theatre, has for its slogan: "Avenge December 7th—On to Victory!"

As sponsors for the booth and bond and stamp salesmen, Manager Henry Combe has secured the services of Old Glory Post and Auxiliary No. 2044, V. F. W. This marks the third time the local V. F. W. has been in charge of a theatre bond booth. In September (Continued on Page 5)

## Navy Decorates Edward Vercauteren With Service Stars, Medal For Wounds

Recovering from shrapnel wounds after fighting in nine naval battles in the Pacific, Edward Vercauteren, well known Daly City boy, was recently decorated by the Navy with nine service stars and a medal at an overseas base.

A petty officer, first class, Vercauteren has been in the Navy for the past three years, and has seen plenty of action in the past year of war with the Pacific fleet, even though he has not yet reached his twenty-first birthday. Among the major naval encounters in which he took part were Midway, Gilbert Islands, and the Navy's Solomon Islands battles.

His parents are Mr. and Mrs. Maurice Vercauteren, 165 Miriam street.

He was awarded the nine stars, one for each battle, and the medal for being wounded in battle. Shrapnel wounds in the foot have

## Board 31-4 Issues "B" and "C" Books

### Issuing Books Until 9 Each Evening This Week

Rapidly nearing completion of the huge task of issuing supplemental rationing books to motorists, War Price and Rationing Board No. 31-4, serving Daly City, announced this week that ninety per cent of the application have been voted upon now. Motorists have either already been notified of the board's decision, or the information will be in the mail this week.

Future applications for "B" or "C" ration books will be passed on on the same day that they arrive at the board headquarters, 473 Grande avenue, South San Francisco. It then requires about two days to reach the car owner through mail. This will inform the applicant that he has either been granted or refused a supplemental rationing book. It will then be necessary for the applicant to take his registration card and report to the rationing board to get his book, if he has been accepted.

The board are issuing books until 9 p. m. each evening this week.

Applications for War Ration Book One from persons who have not yet received copies must be (Continued on Page 8)

## Junior Red Cross Begins Production

With their work modeled after the assembly line of a modern war production plant, the Junior Red Cross army of Daly City began active duty, this week, in grammar schools of the Jefferson district.

War production started this week in the arts and crafts period, during which Daly City grammar school children will make lapboards, cribbage boards, and writing tables for soldiers, sailors, and marines confined to hospitals. Materials were being purchased for work to start at Crocker, Woodrow, and Jefferson elementary schools, according to R. L. Crane Jr., superintendent.

"We anticipate this work will be carried out, to begin with, in the upper grades," he said, "but we may extend it to primary (Continued on Page 5)

## Jeff May Compete In P. A. L. Basketball

Whether or not Jefferson Union high school's 130 basketball team will compete in PAL basketball in the coming campaign hinges on the results of the league's board of managers meeting Sunday, January 3, according to Coach Elman Rose.

"I understand coaches are in favor of going ahead with 130 division basketball regardless," Coach Rose said, "but it will be (Continued on Page 5)

## DALY CITY'S FIRST W. A. A. C.

Auxiliary Juanita O. Young, member of the Women's Army Auxiliary Corps, was chosen from approximately five hundred applicants to attend the first auxiliary Officer Candidate School of 125 members, at Fort Des Moines, Iowa. Formerly in charge of the Recreation department and head of the girls' Physical Education department at Jefferson Union high school, she was also instructor in the Red Cross first aid course in Civilian Defense here.

## John Price Joins Navy's "Seabees"

On active duty with the United States Navy's construction battalion, John H. Price, well known to many residents in the Daly City-Colma area, will leave, Saturday, for training at Camp Peary near Norfolk, Virginia.

Price, who has been instrumental in organizing civilian defense in the town of Colma, enters the navy as a petty officer, first class, for duty in Uncle Sam's construction battalion, better known as the "seabees".

Following six weeks of combat training at the navy's Norfolk base, Price will be ready for overseas duty with his seabees battalion.

He has resided in Colma for the past fifteen years, during which time he has been affiliated, professionally, with Mt. Olivet cemetery. He has been active in civic affairs in the Town of Colma, (Continued on Page 8)

## Navy Reports Ernest Bueren Killed In Action

Among the casualties in the Allied offensive in the Solomon Islands in September was a young Daly City seaman, Ernest August Bueren, who was reported killed in action.

A seaman first class in the United States Navy, Bueren was well known to residents of Daly City, having attended local schools. His parents are Mr. and Mrs. Otto Bueren, 3304 San Jose avenue, long-time residents of Daly City. They were informed of their son's death by a telegram from the Navy department.

Young Bueren attended grammar school here, and was later a (Continued on Page 5)

## Night School May Close For Lack Of Students

"Unless classes show an increased enrollment at once, we shall be forced to close our night school," announced Principal James Ferguson, today. He urged all who might be interested in the evening classes to sign up at once. The night school will close for the holidays, December 22, and is scheduled to reopen January 5.

When high school is dismissed, Friday, December 18, the gymnasium will close for the holiday period, to reopen January 4. The pool will also be closed to the public at that time and will not be ready for activities again until March 1.

## Two Cars Run Over US Coast Guard Captain

Chester A. Flis, a captain in the United States Coast Guard, is in a critical condition in the Marina hospital in San Francisco, suffering from injuries received shortly before midnight, Thursday, when he was struck by two cars on Junipero Serra boulevard near School street in Daly City.

Captain Flis was walking across the poorly lighted boulevard in a restricted lighting zone when the first car, driven by Peter Mork, San Mateo, struck him, just north of the School street intersection. Mork stopped his car and rushed over to the injured man, but found that his left leg was broken and he could not be moved. His attention (Continued on Page 8)

## Boys Of Eighteen Begin Registering Three-Week Period Set Aside For Signup

Daly City boys who have reached their eighteenth birthdays since July 1 will begin registering, tomorrow, with Daly City Draft Board No. 103 in the first step toward duty with America's armed forces, it was announced, yesterday, by Dr. J. C. McGovern.

The sixth registration since the nation adopted the selective service system, the signup for eighteen year olds will be held during a three week period, beginning tomorrow, and ending on Thursday, December 31.

Registration will be conducted in Room 21, of the city hall in Daly City, the room on the second floor used for council chambers. Hours for the registration are from 9 a. m. to 5 p. m. every day from tomorrow to December 31, both inclusive, except Christmas day.

Expecting about one hundred youths to register, Dr. McGovern said that all youths are required to sign up during the week designated according to their birth.

The time for each to register is as follows: Those who were born on or after July 1, 1924, but not after August 31, 1924, shall be registered on any day of the week commencing Friday, December 11, 1942, and ending Thursday, December 17, 1942.

Those who were born on or after September 1, 1924, but not after October 31, 1924, shall be registered (Continued on Page 8)

## Lady, Want To Aid The Fighting Men?

"Praise the Lord and Pass the Ammunition," the immortal words made famous by Navy Chaplain Maguire in the thick of battle, is now more than a war song that has swept the country.

Its reference is not limited to gun crews on battle wagons or marine machine gun battalions, nor to workers in munitions factories. It is a direct plea from America's fighting fronts to housewives at home, more specifically, to the housewives of Daly City, for waste fats and greases donated by housewives are a vital part of the manufacture of ammunition.

Glycerine is obtained from the fats and is one of the main ingredients in the preparation of high explosives.

Daly City meat markets are the collection places for waste fats and greases, and the local salvage committee urges every housewife to save fats and take them to the market. Three cents a pound is being paid to housewives when they take the waste fats to the markets. Raw fats must be kept separate from cooked fats. Cooked fats must be prepared by straining into a clean can, NOT a glass container.

## Uncle Sam Needs Those Tin Cans Now

Tin cans from your kitchen not only increase the nation's stock of steel scrap for war production, but they also help convalescing service men to pass time during recovery periods in hospitals.

The announcement was made by the Daly City salvage committee, this week, when the profit from the sale of tin cans was turned over to the Junior Red Cross in local grammar schools. Pupils in the schools will make useful articles for service men during arts and crafts periods.

Grammar school children are the official tin collectors in Daly City. There is a collector for every block in the city, and they canvass every home to pick up tin cans. Save your tin cans for the collector in your block.

Tin cans must be prepared by washing, removing the labels, and flattening by stepping on them.

## Walt Disney's "Bambi" Playing Now At Daly City

Walt Disney's newest feature production, "Bambi," photographed in Multiplane Technicolor, reveals the exciting peak which this original and fascinating form of screen entertainment has reached. "Bambi," currently playing at the Daly City theatre, is pure Disney, with all that that means to lovers of the world of fun, beauty and imagination which Disney has made his own. "Bambi" goes even further than any previous Disney feature; it has overtones of serious significance and in certain ways can be described as one of the most moving love stories ever brought to the screen.

"Bambi" was filmed—or drawn—from the best-selling novel of the same title by Felix Salten. As a novel, "Bambi" was a Book-of-the-Month choice, and has a sales record of more than 650,000 copies. Incidentally, "Bambi" is the first novel to be brought to the screen by Walt Disney. The picture was in production for more than five years, having, indeed, been started before "Snow White and the Seven Dwarfs." The matchless perfection of its technical glories reflects the long period of painstaking work required to complete the feature.

The story of "Bambi" is the story of every one's life, filled with the human emotions of love, hate, jealousy, gaiety, fear, happiness, courtship and parenthood. It is the most adult story Disney has yet chosen—adult, yet at the same time told with the beloved Disney animal characters.

Bambi himself is a deer, the Prince of the Forest. His friends include some of the most ingratiating characters ever created—for instance, Thumper, a cotton tail, who almost steals the picture. An inspired name for another character, an irresistibly charming skunk, is Flower. Faline is the doe Bambi loves and has to fight for to win.

Perhaps the most brilliant sequence of "Bambi" is the famous "twitterpated" scene when romance strikes the young bloods of the forest with one hilarious effect after another. It's all so true—the brash, self-confident young males who assure the wise old Owl that they are immune from this strange "twitterpated" business; the alluring young females who in the next instant have them in an ecstatic state of complete surrender, just as the wise old Owl said would happen. "Twitterpated" is inspired tomfoolery based on powerful human emotions, and the word will no doubt become the popular way to describe the state of being rapturously in love.

The music in "Bambi" is outstanding.

## University Daily Announces Birth

The University of Washington Daily recently carried a clever feature story which told of the birth of a son to Mr. and Mrs. Everett Rolff, formerly of Daly City. Rolff is the son of Henry T. Rolff, 200 Crocker avenue.

The story as it appeared in the university daily is quoted below.

"Professor William Read of classical languages is receiving congratulations on the birth of a seven-pound six-ounce baby girl, and while he has no objections to baby girls, he feels he has no claim to the honor.

The baby, born November 22 at Maynard hospital, belongs rightfully to Everett Rolff, director of University publications. Rolff, who likes Dr. Read very well, and even appeared photographically in the local papers with him last week, insists that fate had nothing to do with the facts, and offers the following explanation to puzzled staff members of the maternity ward who still expect Dr. Read to pass out cigars:

Mrs. Rolff was visiting at the Read meage when the approach of the stork was first noted. Dr. Read rushed her to the hospital, while Mrs. Read called Rolff who was out of town.

While Rolff, the real father, belatedly dashed to the hospital, Dr. Read, as stand-in, obligingly paced the corridors. And while Rolff arrived in time to receive congratulations, hospital authorities are still wondering why the man who arrived at the hospital with Mrs. Rolff didn't even know the lady's address."

## BAMBI SEEMS TO BE SLEEPY

The world receives another great gift of joy from Walt Disney, who has created in "Bambi," his new feature, the character of Thumper, a cotton tail who is a born comedian in the great tradition of Dopey. "Bambi" is the picturization of the Felix Salten Book-of-the-Month Club best-selling novel, and is released by RKO Radio. It is the current attraction at the Daly City theatre.

## On Every Front

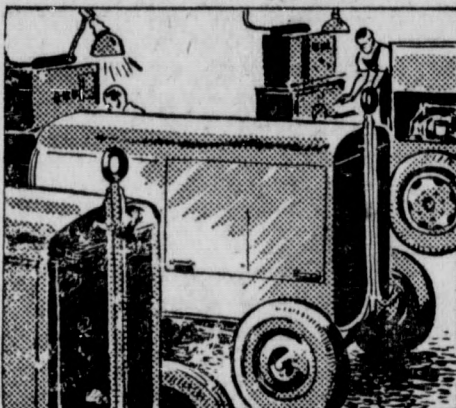

... General Electric equipment is fighting with America's land army. From the rolling kitchen to the front line, electricity works for victory.

1. In the factory electricity stitches the seams of tank armor, and on the battlefield it controls the operation of these spearheads of modern combat.

2. In induction center and field hospital, the X ray helps safeguard the health of our fighting men, aiding in the diagnosis and treatment of disease.

3. Far from the usual power sources, mobile power plants supply electricity for 800,000,000 candlepower searchlights by which a newspaper can be read 12 miles a way.

4. Blitz war requires swift communications! On the soldier's back, in field and sky, radio co-ordinates the striking force of American army planes, guns, and tanks.

# HAVE YOU PLANTED ONE?

Have you planted a Victory Garden? If not, you had better do so without delay to insure the fresh food needs of your family.

This warning was voiced today by William J. Cecil, state director of agriculture and member of the State Council of Defense. Cecil pointed out that the increased food demands of our armed forces as well as the civilian populations of America's war allies make it imperative that every family with a yard take immediate steps to grow as much of their own food as possible.

Cecil expressed the hope that Victory Garden committees will be established in every community in the state. Every vacant city

lot, Cecil believes, should be utilized to grow vegetables.

"All city families," said Cecil, "should grow Victory Gardens if soil conditions, water, space and proper exposure to the sun can be provided. Where conditions are not good for a garden, neighbors should get together and operate a community garden."

## Junior Red Cross Begins Production

schools as well."

The Junior Red Cross carries a virtual one hundred per cent membership in all grammar schools, but making these useful articles for convalescing service men marks a large step in their activities. Many school districts have already produced work of this kind.

However, Daly City's superintendent, Crane, conceived the idea of making the plywood articles on a mass production basis. Seeing how large bombers roll off the assembly lines of American aircraft plants a few days after they are begun, Crane decided to install an assembly line for the Junior Red Cross work.

Starting with the piece of plywood, one pupils cuts it into shape, and another sands it as it moves down the assembly line until it is converted into a writing board.

It wasn't easy though. Plywood, for one thing is hard to get, and also involves considerable expense. The tin collection was the answer to that, according to Crane. School children collected the tin, so profits from the tin campaign went into financing Junior Red Cross materials when Crane's proposal was sanctioned by the Civilian Defense Council.

Not only will the pupils be able to finish a large number of articles in a short time, but they will get the enjoyment of rolling them off the assembly lines like aircraft workers do.

up to the board when they meet in January to decide that."

Transportation difficulties in the face of gasoline rationing led to the curtailment of PAL lightweight basketball. The varsity schedule will proceed unhampered as it stands now, and Coach Rose said that some of the 130s might be used on the unlimited team if the lightweights do not play.

"We are fortunate in having four league games at home," Coach Rose stated. "Our only real problem is the trip to San Jose, since the others can be reached by street car or short automobile trips."

The Jeffs are getting plenty of game experience in practice games before the PAL schedule begins after the holidays. The Indians will play Bellarmine high tomorrow at Jefferson gym. The first game last week was a victory for the Jeff varsity over Washington, 23-17. On Monday, the Indians were trounced by St. Ignatius by a 35-15 score. The lightweights also lost, 20-11.

Indian cagers who are making strong bids for the team are: Ralph Capps, Bill Freeman and Hank Steele, forwards; Bill Ekers, John Mosman, and Bob Vaughn, guards; and Bill Wright, center. A pair of 130s who may go to the varsity if the lightweights don't compete are Walt Cavagnaro, guard, and John Rerecich, who alternates at center and forward.

Promising candidates for the 130 team are Richard Kronke, Frank Pettiti, Paul Underhill, George Perada, Dick Rosoff, and Bob Sinclair.

They admitted holding up the Daly City tavern when they were captured by San Francisco police after Betty had shot herself in the abdomen while scuffling with Miss Rose Maier in a San Francisco apartment. The struggle came about after Mrs. Kieffer tried to rob Miss Maier.

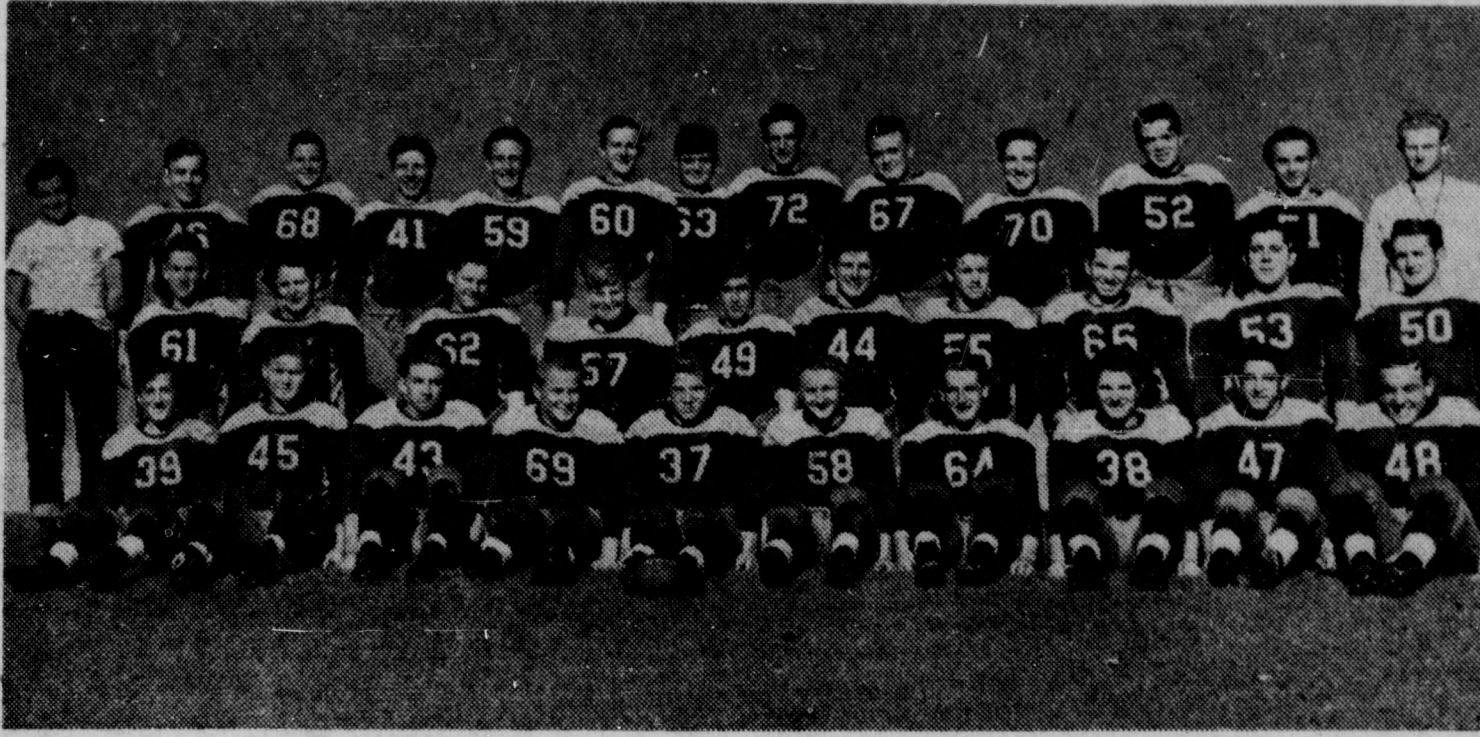

Date has not yet been set for their trial in San Francisco, pending Mrs. Kieffer's recovery from bullet wounds. They will be turned over to the Daly City Police department after the San Francisco trial. Stefanelli signed the complaint drawn up by Deputy District Attorney Buress Karmel.

## JEFFERSON UNION HIGH SCHOOL'S FOOTBALL SQUAD

Jefferson high's Indians, shown in full force in the above picture, finished their first football season under their new mentor, Coach Glenn South, a few weeks ago. It was a season which produced both bright spots and gloomy ones for the luckless Jeffs. Crippled by sickness and injury in several games, the Indians lost five and won three, both in PAL and non-league play. They were beaten by their traditional rivals, South San Francisco, who went on to capture the league title. But two sparkling victories over two other PAL opponents, Burlingame, 7-0 and San Mateo, 20-6, were credited to the Daly City school.

First row, left to right: "Sid" Pate, Bill Freeman, B. Plyer, Jack Brady, Al Bermudez, Don Van Kirk, Bob Thauberger, Bob Sinclair, Mat Borg, Tulio Picchi.

Second row, left to right: Bill Reed, Jimmy Hickman, Mervin Francis, Richard Hatch, George Teeters, Tom Callan, Roddy Dawe, Bill Ekers, Captain Jack Faulk, Hank Steele.

Third row, left to right: Manager Dick Little, Don Nelson, Kenneth Broome, Bud Fellows, Bob Francesconi, Kenneth Hatt, Kenneth Martin, Ralph Capps, Eugene Anderson, Bob Vaughn, Jerry Martin, Merle Van Kirk and Coach Glen South.

they served at the local theatre, and shortly thereafter at the Granada in San Francisco.

Mrs. Allene Lehigh, chairman in charge of the booth for the December 7-13 campaign, today appealed to all Daly City residents to buy their bonds and stamps at the local theatre booth, this week.

"Just as our American boys at the fronts must go on and on from battle to battle, until the final fight is won, so must we on the home front keep on buying war bonds and stamps to supply the weapons of victory. The bonds you buy to 'Avenge Pearl Harbor' will help to move our nation nearer Victory," she said in discussing the drive.

Her assistants are Mrs. Rose Doolin, president of the auxiliary; Mrs. Margaret Krull, Mrs. Nellie Jensen, and Mrs. Josephine McHugh.

Posted in front of the attractive bond booth in the foyer are the post's banner and colors.

## Cossack Chorus To Present Songs Of Russia Sunday

### Serge Jaroff Directs Famous Musical Corps

The original Don Cossack chorus under the direction of Serge Jaroff will present a prized program of songs and dances of old Russia at the Opera House, Sunday afternoon, December 13, at 2:30.

Organized 22 years ago by the diminutive Jaroff, these 34 singing giants of the Steppes have given almost five thousand concerts all over the globe. For the past three years, they have been making America their home.

During the summer they are quartered on the Jersey coast where they prepare their programs for the next season. Last summer they had daily classes for the entire company devoted to the study of the Constitution of the United States. Soon all these Don stalwarts will be U. S. citizens.

This musical corps is the product of Serge Jaroff's enterprise. His choirmaster training instinctively fashioned a brilliant ensemble out of a horde of bedraggled, homesick soldiers. Leading them in song around the evening campfire in a military camp near Constantinople more than twenty years ago, he sensed the emotion in their voices and welded them into an artistic aggregation.

Tickets are now on sale for the concert at Sherman Clay box office, EXbrook 8585.

| ¾ cup brown sugar, firmly packed | ¾ cup finely chopped pecan or walnut meats |

## New Regulations On Sale Of Liquors

### Midnight Is Deadline For Getting That Drink

Commissioner George R. Reilly, member of the State Board of Equalization for this district, including Daly City and Colma, today served final notice on all liquor dealers of his seven counties, of new regulations for the sale of alcoholic beverages, effective December 10. The new regulations will apply to the civilian population, and will be in keeping with requests from the commands of the Armed Forces, governing the sale of alcoholic beverages to every man in uniform.

In other words Reilly explained, no "on-sale" establishment can sell beer or any other alcoholic beverage after midnight, and no "off-sale" place can sell beer or any other alcoholic beverage after 8 p. m. to ANYONE.

With the new regulations in effect, Commissioner Reilly said, "on-sale" establishments, where liquor is sold by the drink, will be open for the sale of alcoholic beverages between the hours of 10 a. m. and 12 midnight. "Off-sale" establishments, or package stores, will be open for the sale of alcoholic beverages between the hours of 10 a. m. and 8 p. m.

Known prostitutes will be barred from service at all bars in "on-sale" establishments, the board member added, and he recommended that all unescorted women be served at tables only. He further recommended that operators of "on-sale" places discourage the presence of children of tender age and minors generally.

The Military and Naval commands of the state, Reilly said, have ruled that all men in uniform may purchase liquor in "on-sale" establishments between the hours of 5 p. m. and 12 midnight, and in "off-sale" establishments between the hours of 5 p. m. and 8 p. m. Sale of beer will not be restricted during hours establishments are open for business under these new regulations, he added. If these provisions are not observed, the board member explained, violators will be ruled off limits by the Armed Forces, and the state board then will promptly suspend the licenses for the duration.

## Speed Skating Gains In Popularity

The thrills and spills of racing on ice are part of the weekly program at Winterland, Post and Steiner streets, where Thursdays are known as Speed Skating Nights.

This most spectacular branch of ice skating is rapidly growing in popularity among the skaters of the San Francisco area. As its name implies, speed skating is

racing and is replete with all the breathtaking drama of other racing contests. The skaters wear blades which are considerably longer than those used in figure skating, as the extra surface allows them more traction for speed.

The Silver Blades club, prominent in speed skating circles, with a large and rapidly growing membership, has its headquarters at Winterland. They hold weekly events at the big rink, featuring races for both boys and girls as well as barrel jumping exhibitions.

## No Deputy Office Opened Here Yet

No indication when the deputy office of the War Price and Rationing Board No. 31-4 will be set up in Daly City has been given yet, but decision is expected to be reached in the next board meeting, it was announced, Tuesday, by Mrs. C. F. Day, executive secretary.

Practically all the time of the rationing board, in and out of session, has been taken up with gasoline rationing, allowing time for no discussion of setting up a deputy office in Daly City to handle the vast number of problems that arise. The office will be open one, and possibly two days a week here, Mrs. Day said.

Daly City members of the board are Claude Cattori, Mrs. J. Ledterman, and Charles Suenderman.

## NEWLYWEDS LOOK OVER PRESENTS

Edward Joseph Gehrig, U. S. N., 342 Irvington street, and his new bride, the former Miss Constance Mantzurani, San Leandro, happily look over a few of their many wedding presents.

Miss Mantzurani became the bride of Gehrig, at a ceremony which took place, November 29, at St. Leander's church, San Leandro.

The bride's gown was of white satin with a lace bodice and long train. Her full-length veil was held in place by a heart-shaped headpiece trimmed with orange blossoms. She carried a shower bouquet of white bouvardia and white orchids, and carried an antique moonstone rosary which was given to her by her father-in-law, who brought the stones from Jerusalem many years ago.

Mrs. R. F. Luce, sister of the groom, was the matron-of-honor, and was attired in powder blue taffeta and wore a coronet of blue grosgrain with long streamers.

Miss Margaret Bruch, Daly City, the bridesmaid, was similarly attired in pink taffeta.

R. F. Luce was the best man.

The bride's mother, Mrs. George Mantzurani, wore a brown gown with petit point bodice. The groom's mother, Mrs. Joseph Gehrig, was attired in a black gown with red bodice trimmed in gold braid.

A dinner was held, following the wedding, at the home of the bride's parents, Mr. and Mrs. George Mantzurani, for the bridal party and the immediate family.

The groom is the son of Mr. and Mrs. Gehrig, 342 Irvington street, Daly City, and has been serving in the U. S. Navy for the past year. He attended Jefferson Union high school.

## Two Cars Run Over US Coast Guard Captain

(Continued from Page 1)

tempts to signal oncoming cars proved in vain, when, soon after, a second automobile, driven by Miss Herba Smith, San Francisco, ran over the body lying in the street.

Visibility was very poor here, according to Officer Roland A. Petrocchi of the Daly City Police department, who arrived shortly after. Police were summoned by George Lagomarsino, Colma resident.

Suffering from the broken leg and a crushed chest, Captain Flis had not yet been questioned by police, Monday, because of his critical condition. Although Mork, driver of the machine that first hit the man, claims he was traveling north, evidence in the case indicated otherwise. Police Chief James G. Reardon said that the glass from a broken headlight, the part of Mark's car which struck Flis, was found north of where the body was, leading police to believe Mork's car was going south and weaved over in the northbound lane where the accident occurred.

If the car was traveling north, the glass would naturally be south of where the body lay, Chief Reardon explained.

having been made director of civilian defense there shortly after the outbreak of war.

Preceding Price in service are two sons-in-law, who, incidentally, are brothers. Staff Sergeant Lloyd Stone, now a candidate in the army's Officer Training School, and George Stone, serving on one of Uncle Sam's navy warships, are the two boys. The former is the husband of Price's youngest daughter, Genevieve, while his brother, George, married the former Eleanor Price.

Two going away parties are being given in honor of Price's departure for duty. He was honored, last night, at a party given by his brother, Bert Price, at the Steward hotel. Tonight, he will be a guest of Judge and Mrs. Clarence Lowe, at Old English Manor.

## FILL OUT AND RETURN

Form is no longer the human figure, it's questionnaires from Washington! Who would have thought it would take a whole "joint committee on reduction of non-essential Federal expenditures" to come to our rescue!

Senator Vandenberg, co-author of a resolution calling for an investigation of the necessity for the questions which business men and private citizens must now answer, declares it would require the services of an Indian crystal gazer to fill out some of these forms. Life has grown so complicated these days, or is it the forms that have grown complicated? Whichever it is, Washington has to have the answer.

It has to know, for instance, everything about fish oil. Chairman Byrd of Virginia reports that the questions concerning fish oil supplies covered four feet of paper. He refused to put it in the pile of questionnaires under consideration because it "was just too big." Senator Byrd also noted that farmers would have to read 24,000 words to fill out the order for certificates of war necessity regarding their farm trucks! And the number of times citizens have to tell their ages these days! We hope it won't cause internal revolution among the new corps of women workers in the nation!

Take Form No. 1-1071-PLOF-5-NOBU which the properly impressed committee members were asked to consider. No, let's not. Let's let Washington take it to play with for after all, it only concerned cosmetics. Maybe the solution is what has been suggested so often lately—probably by someone who had just filled out a questionnaire—that some of the thousand of able-bodied employees in Washington might join the Army or Navy and stop working so hard!

## READING &amp; WRITING

BY Edwin Seaver AND Robin McKown

NO BOOKS can be of greater immediate interest to us than those which tell the story of our own men at war. Among the best of these is "Queen of the Flat-Tops" by Stanley Johnson, a story of the Battle of the Coral Sea and the sinking of the great carrier ship, the U.S.S. Lexington.

STANLEY JOHNSON

As fighting ships go, the Lexington was an old-timer. She was first built as a battle cruiser and launched in 1925. She had none of the comforts of later carriers, cruisers and battleships. But compared to fighting ships of the old days, she was luxurious beyond imagining.

Gone are the days when all the food was cooked in one huge galley. In the Lexington there were modern cafeterias in each section of the ship. Food was plentiful and varied. One of the showplaces was

the modern bakery, with electric ovens, dough-mixers and cake-bakers. Most of the bakers had stations on anti-aircraft guns, and on the day the Lexington met her end, the bakers got their day's bread into the ovens, then ran to their gun posts. When they knew the bread was done, they telephoned the electricians and had the power to the ovens cut off!

When the Lexington was in flames and the order given to abandon ship, there was no panic, no rush. In all, the abandonment took about two hours. During this time Mr. Johnson saw on the flight deck an officer surrounded by fliers, gunners and mechanics. He was calmly giving them a classroom lecture on war strategies!

The last man to leave, of course, was the ship's captain. He started down the rope and then hesitated. "Come on, Skipper," someone urged. The Captain replied slowly: "I was just thinking . . . wouldn't I look silly if I left this ship and then the fires went out?"

Stanley Johnson, author of "Queen of the Flat-Tops," is a Chicago Tribune correspondent and the only newspaperman aboard the ship at the time. One thing he doesn't tell in his book. He himself earned commendation by going into the smoke-filled, lightless tunnels and caverns of the doomed ship and helping to rescue some sixty burned or wounded men. That probably slipped his mind.

The January Book-of-the-Month Club selection will be "Head-hunting in the Solomon Islands" by Caroline Mytinger. It's not about headhunting in the accepted meaning of the term, nor is it about what our Marines are doing to the Japs. Miss Mytinger is an artist and does her headhunting with a brush; her book tells of her experiences painting portraits of natives and colonials in the South Seas.

In "The Last Man Comes Home," Stephen Longstreet tells of a boat trip he made down the Yellowstone and Missouri Rivers in a white oak boat, accompanied by a full-blooded Indian who was the grandson of Sitting Bull. During one stage of this voyage, the Indian started singing in a low monotone, and the author cocked an ear, hoping to get the words and rhythm of some old Sioux tribal chant. The noise of the river drowned out most of the chant, but finally Longstreet caught the words.

"Old Macdonald had a farm," the Indian was singing, "Ee-yi-yi-oo. . .!"

## Just Let Us Know!

This is an invitation from the Daly City Record to any local man in Uncle Sam's armed forces, or his "home folks" to let us know of promotions and activities that would be of interest to Daly City readers. We are always happy to publish such news. Since only a few of the training camps and officers' schools have public relations officers, we do not hear directly of many such promotions unless the men or their families themselves tell us.

When "Johnny" or "Joe" becomes corporal or goes off to officers' training school, let us know. Phone RANDOLPH 3215. That's NEWS to Daly City. In addition, our long-ago offer to send The Record free to any man fighting for Uncle Sam still holds. Just let us know your name and address.

## Smooth

**SOPHISTICATED** and at the same time completely youthful is this black jersey and pink satin dinner dress, which CBS actress Helen ("Bright Horizon") Lewis chooses for holiday parties. A large pink satin monogram gives a dressy effect to the otherwise simply tailored blouse. It's what the Jive set would call "smooth." (From DePinna, New York.)

Women who want to find a place in the aircraft industry will have an opportunity to do so if they take a free, 12-week course in aircraft drafting which is to be offered at Stanford university beginning January 4, announces Professor Eugene L. Grant, director of Stanford's War Training office.

Professor Grant says that any woman over 18 who is a high school graduate with a good scholastic record in algebra and geometry is eligible, and those between 18 and 35 are most favorably considered. Women up to 45 who have backgrounds of two or more college years with majors

Stanford will also interview women who are interested in 12 weeks of tuition-free training to be chemical technicians and analysts.

For distinguished wartime service at home, the American housewife deserves the congressional medal. She's feeding her family nutritious foods because she knows only healthy nations win wars.

She knows that meat is a richer source of more dietary essentials per average serving than any other single food and that it should be included in the diet daily as a rich source of protein, vitamins, minerals, and energy needed.

Our market maintains an enviable reputation for quality meats at competitive prices, even with today's wartime problems of food supply.
